WORKING WITH US

OUR TEAM

BRITTANY HANLON, ALLIED ASID

FOUNDER + PRINCIPAL DESIGNER

With more than a decade of Interior Design and construction experience, Brittany Hanlon is well versed in all aspects of the custom build process. Throughout her career, Brittany has acquired extensive experience in both residential and commercial design projects on the Charleston Peninsula and beyond. Previously having worked as the Lead Designer for a local Architecture firm, Brittany completed jobs ranging from restaurants, to large office spaces, retail shops, and multi million dollar homes. She has worked with many local contractors throughout Charleston.

Brittany holds Bachelor's degrees in both Interior Design + Communications /Business Administration.

STEPHANIE GANNON

PROJECT MANAGER

Stephanie's nearly 20 years of experience in project management is an invaluable part of our design services. With a background in the financial industry, Stephanie's strengths in communication, organization, thoroughness and follow through help our firm stay on track with clients and trade partners alike. Being a liaison between client and trade she communicates, manages project timelines and keep projects flowing as seamlessly as possible. Stephanie is an intricate part of the design process and is well versed in all aspects of each project.

Stephanie holds a Bachelor degree in Marketing.

WORKING WITH US

OUR SERVICES + DELIVERABLES

From the conceptual phase through furniture installation, We can help your project run smoothly. Project management and material selections including space and finish plans, lighting and tile plans, are all thoroughly organized in project spec books. Fees are a flat fee based on the size of the project. We help jobs run efficiently, on time and on budget through communication with clients, builders, trades, and architects.

PROJECT MANAGEMENT

We are here to help you. Assisting clients to make decisions on all finishes, appliances, fixtures, lighting, cabinetry, tile, hardware, wall finishes and furniture. Having selections completed on time helps the job run more efficiently and reduces the time and expense of additional change orders. We provide the team with all of the design information needed to complete the job.
